

AMENDMENTS

Amendments to the Specification:

Please amend the specification as follows, without prejudice:

In the Specification:

Please insert the following paragraph after the heading entitled "Figures" which is located on page 12 of the Specification:

--The patent or application file contains one drawing executed in color. Copies of this patent or patent application publication with a color drawing will be provided by the Office upon request and payment of the necessary fee.--

At page 12, lines 8-9, please amend the specification as follows:

--Figure 3: Fluorescence-microscopic image (panel "A") and phase-contrast micrograph (panel "B") for cell localization--
